
Southwest Virginia Angus

DOUBLE HEADER!

Saturday • April 21st, 2018 • Noon

SALE SITE

Washington County Fairgrounds • Abingdon, VA

To All Beef Producers,

DEAR FRIENDS,

We invite you to be with us on Saturday, April 21st for the 2018 version of the Southwest Virginia Angus Doubleheader. This year we will be selling 49 lots of registered Angus females, which consist of Spring calving pairs, Fall calving pairs, bred heifers and open heifers. There is something for everyone, no matter what time of year your personal preference is for calving.

The nineteenth annual version of the Southwest Virginia Angus Performance Tested Spring Bull sale follows the females. They were all fed as a group at G&E Farm in Gretna, VA. They were weighed off test on 3-9-17 and evaluated by a VDACS State Grader. This is a top-notch set of bulls; they averaged 4 lbs gain on test and their average 365 day adjusted weight is 1182 lbs. Most all of the bulls qualified under the Virginia Quality Assurance program and are designated with a VQA symbol underneath the EPDs. Negative BVD PI test at delivery on all bulls. *Look for additional information on the bulls on page 36.*

The sale starts at 12 noon with the females selling first. You are welcome to come by on Friday, April 20th in the afternoon or on Saturday morning prior to the sale to evaluate the cattle being offered for sale. All animals selling in this sale either have no carrier ancestry or have tested AM, CA and/or NH free. We are also on the web at swvaangus.org.

I encourage you to study the pedigrees and performance information on these cattle. Many selling are sired by some of the most proven bulls available in the breed. The consignors of these cattle offered in this sale have been in business for a number of years. They are offering some of their best genetics from which you may select. The EPD's and pedigrees, along with individual performance, will assist you in making your selections.

We look forward to seeing you on Saturday, April 21st. Please feel free to contact any of the consignors or the sale coordinator, George T. Johnstone Jr. at 276-620-4901, or the sale auctioneer, Smith Reasor at 276-620-3123.

Sincerely,

George T. Johnstone Jr.

George T. Johnstone Jr.

COW

Consignor: **LUCAS FARM**

A slick-haired, smooth-made four year old cow sired by K C F Bennett Commonwealth out of a powerful H S A F Bando 1961 dam. This low birth weight cow has a beautiful udder and has a weaning ratio of 2 calves at 100. She sells with a fancy heifer calf born 2/6/18 *(BW 69 lbs)* sired by the Select Sires bull, S S Niagara.

COW

Consignor: **LUCAS FARM**

A real nice daughter sired by G A R Prophet. Her G A R Grid Maker dam was bred in the VT research herd and is still a solid producer at fourteen years of age. 1650 is a low birth weight cow with a beautiful udder. She sells with a bull calf born 2/11/18 *(BW 78 lbs)* sired by CTS Remedy. The Prophet-Remedy cross has worked very well for us here at Lucas Farm.

COWBUYER

LIVESTOCK MARKETING SOLUTIONS

LIVE INTERNET BIDDING AT **www.cowbuyer.com**

- View/bid online in Real Time
- Registration is required. Please register at least one (1) hour prior to sale time at www.cowbuyer.com
- High Speed Internet is required. Slower speed will not permit you to bid and keep pace in real time.
- Terms: Purchasing online constitutes a legal contract and promise for payment of purchases. All purchases must be paid within ten (10) days of sale date and prior to load out or delivery of cattle purchased.
- Cowbuyer LLC is a service provider and is not responsible for the activity or inactivity of any technology, internet connection at the sale site or connection and technology of the bidders
